

FOREVER FIT

PHYSICAL THERAPY & WELLNESS

Our Mentoring Program Snapshot:

- ★ 3- month program dedicated to elevating your clinical decision-making, case management, and manual therapy skills.
- ★ Leverages both face-to-face time & online talent platform- *Medbridge*
- ★ Learn in a 1-on-1 setting under experienced & successful DPT clinicians.
- ★ Awarded 12+ CEUS upon completion *The state of MD requires 30 CEUs every 2 years.

Forever Fit is committed to the growth of our therapists and providing top-tier care for our patients. We strive for excellence and in doing so, dedicate 2 paid hours per week for all new therapists to help them complete the 12-week Mentoring Program.

"As a new graduate, mentorship from my future employer was really important to me and Forever Fit understood that. I was able to go over cases I was struggling with, have interactive sessions once per month to further my hands-on skills, and the Journal club kept me up to date on current research. Forever Fit helps you grow into the clinician you want to be."

-Meghan Reed, PT, DPT, AIB-VRC

"Mentoring at Forever Fit Physical Therapy has helped me synthesize and think critically about medically complex patients and has helped guide me in my clinical decision making. Everyone has been easy to approach and made the time to be available for co-treatments and case to case discussions. Mentoring has been crucial to improving my confidence and has helped me grow as a clinician in my first years of practice.."

- Katie Kirkman, PT, DPT
